 0481 878 188

 [soonkhen@outlook.com](mailto:soonkhen@outlook.com)

I am a highly driven IT student with flexible availability seeking for an internship position in IT where I can lend my knowledge of IT and web development to help your organisation improve profitability. Also, I have graduated with a first class honour degree in Telecommunication and Electronic Engineering and nominated as one of the best engineering students.

---

### Experience

#### Vodafone Hutchison Australia

Sep 2017 - Present

Retail Sales Associate (Part time)

Outstanding sales performance, hitting 180% of sales target, ranking top 3 as one of the NSW top performers in 2018. Consistent NPS, hitting above 80% throughout the period.

---

#### ZTE Corporation

Jun 2016 - Jun 2017

Project Engineer

Manage telecommunication projects involving setting up 4G mobile base station tower by designing its rollout plans and analysing projects in term of scope, cost, and progress. One of the projects is awarded 2% incentives for early completion through improved documentation procedure and effective management.

---

### Education

#### Academies Australasia Institute

Nov 2018 - Present

Advanced Diploma of Information Technology

One of the top students in class with excellent results and completed final assessments way ahead before submission due date. Working towards becoming a full stack web and application developer.

---

#### UCSI University

May 2012 - Apr 2016

BE(Hons) Communication and Electronic Engineering

Holder of IEM Gold Medal Award for being one of the best engineering students with CGPA 3.97 out of 4.00. Actively participated in Embedded Systems R&D and completed several embedded electronic projects including IOT, power meter monitoring, and air pollution detector using microcontroller and sensors.

## Skills

- |              |           |                        |
|--------------|-----------|------------------------|
| ✓ HTML       | ✓ Python  | ✓ Circuit Simulation   |
| ✓ CSS        | ✓ Node.js | ✓ PBB Fabrication      |
| ✓ PHP        | ✓ C       | ✓ Electronic Soldering |
| ✓ JavaScript | ✓ C++     | ✓ Report Writing       |

Capable of designing front-end websites from registering the domain name, web hosting, securing with HTTPS, and writing HTML, CSS and PHP codes on top of integrating it with Google Analytics to have a clear insight into my website traffic. Strong artistic sense to explore, experiment and push past the conventional bounds.

Skill demonstration: [www.soonkhen.com](http://www.soonkhen.com)

---
